

"We are old friends, this bottle and I. We have known each other for over sixty years. When a boy I was always taking cold, but a few doses of this medicine would at once set me right. When a young man I had a weak throat and weak lungs. My friends feared some lung trouble, but

Ayer's Cherry Pectoral

greatly strengthened my throat, cleared up my voice, and took away the tendency for every cold to go to my lungs. Last year I had a bad attack of la grippe. The only medicine I took was from this bottle, and I came out all right. I know it's good, too, for asthma, bronchitis, pneumonia, croup. There are many substitutes and imitations. Beware of them! Be sure you get Ayer's Cherry Pectoral.

Two sizes. Large and small bottles. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A. For Sale by HILO DRUG COMPANY.

The only desirable means of reaching the Volcano. Connections at Mountain View with stages daily—morning trains going; afternoon trains returning. Fare from Hilo for the round trip \$8. This route is through Olua plantation, the largest in Hawaii, virgin forests of koa and wild ferns, and through many coffee farms.

The natural wonders of Puna make that district the most interesting spot in Hawaii. One can spend a most delightful day exploring the underground caves, swimming in the famous Hot Springs and resting on the cool shores of Green Lake.

Excursion tickets between all points are sold on Saturdays and Sundays, good returning, until the following Monday noon.

Commutation tickets, good for twenty-five rides between any two points, and thousand mile tickets are sold at very low rates.

W. H. LAMBERT, Superintendent. R. R. ELGIN, G. F. & T. A.

SPEED NECESSARY.

Strike Commission Confronted by Mountains of Work.

Scranton, Pa., Dec. 3.—After an adjournment of ten days, during which time the representatives of the railroads and miners were kept busy at work preparing evidence for submission to the Anthracite Coal Strike Commission, the hearings of the miners' side of the controversy was resumed in the State Superior courtroom at 10 o'clock this morning. The usual large crowd was in attendance and in addition there were several new faces among the array of attorneys. The most prominent among these was Samuel Dickson of Philadelphia, representing the Lehigh Coal and Navigation Company, a large independent company, whose collieries are all located in the Panther Creek Valley. Among the spectators were about twenty Italians and Poles who will be called upon to tell the conditions prevailing in the middle, or Hazleton region.

In opening the days proceedings, Chairman Gray made an explanation of the attitude of the Commission regarding the efforts for an outside settlement. He said there had been a misunderstanding in some quarters. The idea had gone out that the whole matter would be dismissed if an agreement was reached. This, he said, was incorrect. He read a statement made by the sub-committee in which it was stated that the committee would not abrogate its duties and that it would stand responsible for any agreement it approved or award it made. The chairman also added that the Commission wished to say that parties to the controversy may not withdraw without the consent of the other parties before the Commission.

"We would be glad to have everybody represented and have the whole field covered," said he.

Mr. Dickson announced that in addition to representing the Lehigh Coal and Navigation Company, he appeared for the individual concerns in the anthracite region. On the outside agreement proposition Chairman Gray announced that the Commission still "entertained the hope that efforts to agree would continue and the Commission would gladly lend its good offices to that end."

Judge Gray said that unless some common sense agreement was reached as to the presentation of figures expectation of life of most of the members of the Commission would be insufficient to reach an end to the controversy.

President Mitchell was called to the stand and in answer to questions by his counsel said the 20 per cent increase in wages would increase the labor cost less than ten cents a ton. Taking President Baer's statement as a basis he said the increase would be about 17 cents a ton.

Fine Sports.

The polo team from Hawaii will go to Honolulu next year in force to claim the championship on June 23. It is stated that Samuel Parker and W. A. Carter have promised \$500 a piece towards the improvement of the team, the amount to be expended in ponies, equipage or what not, any thing as long as Oahu is conquered. The Oahu men are rejoicing over this exhibition of sport and intend to make as hard a fight for the cup as they can. The total sale of ponies for the Kauai team, including the riding horse purchased by H. P. Baldwin, amounted to \$900. D. P. R. Isenberg bought one of the string for his wife's use.—Star.

Oklahoma State.

Washington, Dec. 3.—The majority of the Committee on Territories has agreed to report a bill for the admission of Oklahoma and Indian Territory as one State under the name of Oklahoma. New Mexico and Arizona are not in the bill.

Philippine Coinage.

Washington, Dec. 3.—Senator Lodge today introduced a bill to regulate the currency in the Philippines, establishing it on a gold basis.

MINISTER RELIEVED.

Senor Concha Has Persistently Opposed Canal Treaty

Washington, Dec. 1.—Senor Concha has been relieved as Minister for Colombia by orders from Bogota, and it is believed that Dr. Thomas Herran, the present secretary of legation here, will be accredited as Minister to succeed Senor Concha in the course of a few days. Meanwhile Dr. Herran has been clothed by his Government with full authority to prosecute the negotiations looking to a canal treaty with considerably enlarged powers.

Minister Concha, having stood fast against strong representations from his own Government favoring a treaty, the latter decided to place the further negotiations in the hands of Dr. Herran. It is of course assumed from this change that the chances of the treaty have been bettered.

It is believed that the question of sovereignty, which has thus far held up the negotiation of a treaty, is in a fair way to be settled between Colombia's new representative and Secretary Hay. The appointment of Dr. Herran as Minister will be awaited with interest in Washington. There is no doubt that the State Department will give its cordial assent to the succession of Dr. Herran as Minister.

Dr. Herran called at the State Department today and acquainted Acting Secretary Hill with the facts in the case. The department's statement in the matter is that Minister Concha leaves for New York for the sake of his health and for private reasons; that Dr. Herran is charge d'affaires ad interim, and that he has been empowered by the Minister to conduct further negotiations of the canal treaty. This statement does not change the expectation here that in the end Dr. Herran is to be made Minister.

De Bolt's Confirmation.

Washington, Dec. 1.—The name of J. T. De Bolt was sent to Congress on December 2 for confirmation as Circuit Judge of Hawaii.

What Is a Cough?

A spasmodic effort to expel the mucus from the bronchial tubes. A cold causes a more abundant secretion of mucus, and when the lungs and bronchial tubes are inflamed, they are extremely sensitive to the irritation. Unless care is taken, the cold may result in pneumonia, which is swift and deadly. It is the cold is a lingering one, the more leisurely but equally fatal consumption may set it. Do not neglect a cold of cough. Take Chamberlain's Cough Remedy. It always cures and cures quickly. The Hilo Drug Store sells it.
